

The Raven

by Edgar Allan Poe (1809-1849)

The Raven, by Edgar Alan Poe, is one of the most famous poems ever written. First published in 1845, it was soon reprinted, illustrated, emulated, becoming one of the icons of American literature and giving its author immediate and lasting fame. Its popularity is represented in this collection, that brings together the original poem and a series of translations by various translators, who tried to bring the musicality, theme and atmosphere of “The Raven” to their native languages.
